

In Solidarity

Dear Friends of Kingsmen Shakespeare

This is a troubling time for our nation and it is important for artists to stand up and be counted. The Kingsmen Shakespeare Company stands in solidarity with those fighting against the violence conducted on people of color in this country, especially George Floyd, Breonna Taylor, Ahmaud Arbery and the countless other victims of racist hatred. This company is committed to antiracism and pledges to do even more in the future to support justice and equity in keeping with our core philosophy and our mission.
